

Hassans Spain

The unfamiliarity of Spanish law can often make transactions in Spain appear overly challenging and complex.

Our Spanish lawyers help international corporate and private clients, as well as expatriates in Spain, navigate the Spanish system with maximum ease and confidence.

Our Spanish Lawyers specialise in:

Corporate & Commercial

Our lawyers assist international companies investing in Spain as well as Spanish companies in relation to all aspects of their business activities in Spain.

They provide expert and practical advice on all areas of Spanish corporate law and transactions for clients ranging from small businesses to large multinationals.

Real Estate

Our lawyers have significant experience in the real estate sector in Spain.

They work with the clients to successfully complete their real estate projects, from land acquisition and treatment of urban planning, to construction, leasing, financing and sales.

Taxation

Our lawyers regularly advise on all aspects of personal or corporate taxation in Spain.

They are especially active in international taxation. They advise on foreign investments as well as foreign investors in Spain, who may be working on national or "cross border" transactions examining all the relevant tax implications of such initiatives.

Banking & Financial:

The firm handles all matters relating to banking, corporate finance, investment funds, project finance, securities and securitisation.

Private Clients

Our lawyers advise on Spanish property, income, capital gains, inheritance taxes and further issues for those clients planning to take up residence, invest or undertake business in Spain.

Current Deals and Transactions:

- Acting for a leading international bank in connection with the purchase of a luxury hotel in Barcelona;
- Advising one of the UK's leading retailers in connection with a 50 million Euros capital reorganisation out of Madrid;
- Advising an investor group on the acquisition of a wind farm in the north of Spain with an enterprise value of 35 million Euros;
- Advising a US investor on a 25 million Euros real estate refinancing transaction in Mallorca;
- Acting for one of the UK's leading properties and transport companies in relation to the construction and development of a major shopping and leisure centre complex on the Costa del Sol;
- Advising a consortium of international investors on the launch and development of an innovative solar energy project in Andalucía;
- Assisting local and international banks in connection with Spanish mortgage enforcement proceedings;
- Acting for clients on a substantial inheritance matter involving US/Spain tax considerations.
